

No. 01-03-2006

## **Use of New Accreditation Number Convention Moved to April 1, 2006**

All accredited professional health care providers are hereby advised that the implementation of the new accreditation number convention, per PhilHealth Circular 11, series of 2005, has been moved from January 1, 2006 to April 1, 2006.

The postponement of implementation is being made due to problems encountered in the development and enhancement of the Accreditation System. A new Circular to this effect will be issued by the Corporation soon.
