No. 03-02-2007

Land-Based OFWs Urged to Pay Premium Based on the Duration of Contracts

To prevent lapsed membership coverage, all OFW members of PhilHealth are encouraged to pay their premium contributions based on the duration of their contracts as stated in their employment documents. This arrangement will save them time and effort as well as ensure their uninterrupted coverage under the National Health Insurance Program.

This advisory also emphasizes that PhilHealth Advisory 03-02-2006 which lists the authorized representatives of OFW members for PhilHealth transactions remains effective.

For more information, please call the OWP Office at (02) 637-9999 locals 1122 and 1124 and 0918-9635396 or any of PhilHealth's offices nationwide.
