## **Formal Recognition of NAHCPs Deferred**

The implementation of PhilHealth Circular 32, S.2005 and PhilHealth Circular 06, S.2007, both of which provide for the formal recognition of National Associations of Health Care Providers is deferred until further notice.

The deferment is designed to enable the Corporation to further study all issues related to the recognition of NAHCPs.

The Philippine Hospital Association (PHA) and Philippine Medical Association (PMA), however, which are currently recognized by PhilHealth, need not apply as their recognition stands / remains.
