PhilHealth Txt 2960 No Longer Available to Globe and Sun Cellular Subscribers

Effective immediately, the Txt PhilHealth service via 2960 will no longer be available to Globe and Sun Cellular subscribers as advised by Mobile Arts, Inc., our content provider.

Smart subscribers, however, are not affected by this development and may continue to avail of the Txt PhilHealth service while MAI continues to look for ways to resume the services of other networks.

By using keywords such as PhilHealth Identification Number (PIN) and PhilHealth Employer Number (PEN), members can readily access data about their claims status and contact numbers of PhilHealth offices through PhilHealth Txt 2960.

For further inquiries, call the Information Technology Management Department at 637-6266.
