Invitation for Contactless Smart Card Production Outfits

In line with the implementation of a multi-application service card under the Unified Multipurpose ID (UMID) System of which the PhilHealth is a participating agency, companies and organizations whose products and services involve contactless smart card production are invited to make a presentation of their available technologies for an end-to-end UMID solution including acquisition, development and deployment.

Presentations will be held on March 19, 24 and 26, 2009 at Room 1012, Citystate Centre, 709 Shaw Blvd., Pasig City.

Interested companies may contact the UMID Program Management Office at 637-6457 or 637-2674 for more details.
