

No. 08-04-2009

Non-Paying Program Renamed Lifetime Member Program

To respond to the need to have a more appropriate name for the membership category which caters to retirees and pensioners who are at least 60 years old and have made 120 monthly contributions to PhilHealth or Medicare, and to avoid misinterpretation, the **Non-Paying Program** has been renamed **Lifetime Member Program**.

Although the program comprises only a small percentage of the entire PhilHealth membership base, it illustrates the honor and gratitude that PhilHealth bestows to citizens who have zealously contributed to the program during their active years as part of the Philippine working population.

All communications pertaining to this particular membership category shall be revised and updated to reflect the change, as provided for in Circular 24, s-2009.
