## New PhilHealth Number Card

STARTING this month, PhilHealth will begin issuing PhilHealth Number Cards bearing the new design to its employed and individually paying members nationwide.

It now comes in full color with the image of the PhilHealth logo serving as backdrop for the card which prominently shows the member's permanent PhilHealth Identification Number and requires their latest 1 1/2 x 1 1/2 inch photo and signature for better identification. Below is the image of the new number card:

*Actual size: 9 x 6 centimeters*

The new card is considered a valid ID especially when claiming PhilHealth cheques for benefit payment as provided for in PhilHealth Circular No. 11, series of 2010. Previously issued number cards are still good as proof of PhilHealth membership.
