

PhilHealth Advisory

No. 09-04-2012

Deferment of the Engagement with PhilHealth of Physicians as Providers through the Philippine Medical Association

The implementation of the automatic accreditation of physicians through the Philippine Medical Association (PMA), as provided for in the Memorandum of Agreement between PhilHealth and the PMA, shall be deferred until further notice.

The deferment allows the PMA to finalize the categorization of physicians. Until such time that PMA has addressed all issues, physicians shall follow the usual application process for accreditation with PhilHealth.
