

TO ALL PARTICIPANTS OF THE PHILHEALTH TAGLINE-MAKING CONTEST

The Corporation would like to thank everyone who participated in the **PhilHealth Tagline-Making Contest**.

However, after a thorough screening of all the entries received for the contest, none of the entries were found to have fulfilled the criteria for an appropriate tagline for PhilHealth. The entries did not generally capture the essence of the PhilHealth's purpose, which is the provision of financial risk protection for all, and not the delivery of health care services.
