

PUBLIC WARNED ON SPURIOUS CALLERS AND FIXERS

We have received reports about spurious callers identifying themselves as the President and CEO of PhilHealth or as Officers from other government offices.

At the same time, we have noted the visibility of fixers identifying themselves as PhilHealth personnel in public places and charging fees to expedite the processing of membership, premium payments and the like.

We urge everyone to refrain from engaging with these people. Transact only with the frontliners at any of our Local Health Insurance Offices (LHIOs) nationwide.

Immediately call our Corporate Action Center at (02) 441-7442 or send electronic mails to actioncenter@philhealth.gov.ph to report such incidents.

RAMON F. ARISTOZA JR.
Acting President and CEO
