SAMPLE COMPUTATION OF SEAFARER'S PREMIUM CONTRIBUTION THROUGH MANNING AGENCIES

The sample computations of PhilHealth premium contributions as contained in PhilHealth Advisory No. 2018-0003 (*Sample Premium Computation of the Formal Sector*) also apply to Manning Agencies handling the monthly deduction of their seafarers.

The Advisory illustrates the following:

- a. Premium fees for the salary floor, salary ceiling and computation of basic monthly salary multiplied to 2.75 percent;
- b. Rules on rounding off to the nearest hundredths to display the two (2) digit centavos; and
- c. A sample computation if an excess centavo will occur when equally sharing the computed monthly premium (rounded off centavo for monthly premium ends in an odd number).
