

DEFERMENT OF PHILHEALTH CIRCULAR NO. 2018-0014

The implementation of PhilHealth Circular No. 2018-0014 (Documentary Requirements for Claims Reimbursement and Medical Prepayment Review of Claims - Revision 1) is deferred until further notice.

In line with the deferment, the Claim Form 4 (CF4) is not yet required and PhilHealth Circular No. 2017-0028 still applies. However, Health Care Institutions may opt to submit **any of the following** documents for cases of community-acquired pneumonia (CAP), urinary tract infection, acute gastroenteritis and adult sepsis:

1. Photocopy of the Complete Clinical Charts
2. Claim Form 3 (original copy)
3. Clinical Abstract (original copy)
4. Discharge Summary (original copy)

The deferment will provide our accredited Health Care Providers with sufficient time to align their processes with PhilHealth's policies to ensure smooth implementation.

For your information and guidance.

ROY B. FERRER, M.D., MSc.
Acting President and Chief Executive Officer
