EXTENSION OF SUBMISSION/RESUBMISSION OF PCB DATA RECORDS FOR CY 2016-2017

In order to facilitate processing of all PCB data records that have been rectified relative to PhilHealth Advisory 2018-055 “Unpaid PCB Data Records for CY 2016 and 2017”, please be advised that resubmission using the Electronic Medical Record System (EMR) shall be extended until November 15, 2018. This extension to submit and resubmit shall also include PCB encoded data in MEF and MEF Plus format referred to in PhilHealth Advisory 2018-0024 “Extension of Encoding of 2017 PCB Data Using EMR System, Submission of MEF Plus and Uploading of PCB Reports” and all remaining data records that will be extracted from the PHIE Lite which failed to reach the PhilHealth database due to non-compliance to DOH validation requirements.

In view of this, the uploading of submitted PCB data records in MEF and MEF Plus format for CY 2016-2017 at the Local Health Insurance Office shall likewise be extended until December 31, 2018.

These data records shall undergo the regular eligibility checking and processing in the PhilHealth system and shall be computed as PFPR adjustments.

For any questions / clarifications pertaining to this advisory, please contact the PCB Team at (02) 441-7444 ext. 7575 or through email: pcb-philhealth@googlegroups.com.

For information and guidance.
