

TERMINATION OF ACCESS TO eClaims WEB SERVICE 2.4 (eCWS 2.4)

To ALL Health Care Institutions

Please be informed that all access to eClaims Web Service (eCWS) Version 2.4 shall be terminated on January 15, 2020. Hence, all accredited Health Care Institutions (HCIs) are advised to ensure that their software applications are already connected to eCWS 2.5.

To be able to access the eCWS 2.5, cipher keys for all facilities have already been pre-generated. HCIs who have not received their cipher keys yet can directly coordinate with the PhilHealth UPECS-EMR Team at upecsemr@philhealth.gov.ph.

For strict compliance.

BGEN. RICARDO C. MORALES, AFP (RET) FICD
President and Chief Executive Officer
