ADVISORY

No. 2021 - 015

Clarification on the implementation of the policy on No Co-payment for PhilHealth Benefit Packages

PhilHealth issued Circular No. 2020-0024 titled "Governing Policies on No Co-payment/No Balance Billing for PhilHealth Benefit Packages" pursuant to Republic Act No. 11223 otherwise known as the Universal Health Care (UHC) Act, which mandates PhilHealth to implement cost sharing schemes including no co-payment, fixed co-payment, and co-insurance.

The full implementation of the policy on no co-payment will take effect only upon the issuance and publication of the implementing guidelines.

In the interim, all health care providers (HCPs) are directed to start preparing to comply with the said policy.
