

## Applications for Accreditation of PhilHealth Konsulta Package Providers

To ensure access to Konsultasyong Sulit at Tama (Konsulta) Package, PhilHealth's primary care benefit, PhilHealth shall continue to accept applications of health facilities for accreditation as Konsulta Package Providers for CY 2022 whether licensed or not by the DOH as Primary Care Facility as long as the provider has complied with the standards of accreditation for Konsulta providers.

This is in congruence to Republic Act 11223, the Universal Health Care (UHC) Act and its Implementing Rules and Regulations (IRR) Section 41.6.a. which provides that "PhilHealth may develop the standards for accreditation of the said facilities until such time that they are issued licenses and certification by DOH".

The Department of Health issued DOH Administrative Order (A.O.) No. 2020-0047-A amending A.O. No. 2020-0047 entitled "Rules and Regulations Governing the Licensure of Primary Care Facilities in the Philippines" which accorded time for health facilities to comply with the said licensing standards. All accredited Konsulta providers are enjoined to work towards attaining their licenses as a primary care facility to enable them to deliver a comprehensive outpatient benefit package in the near future.

Interested health facilities may check Annex C of PhilHealth Circular 2020-0021 for the checklist of requirements and submit the same to the nearest Local Health Insurance Office (LHIO).
