UNIVERSAL HEALTH CARE
KALUSUGAN AT KALINGA PARA SA LAHAT

## To: All Accredited Health Care Institutions
# Technical Orientation On Konsulta Software Requirements

With the implementation of the PhilHealth Konsulta Package per PC 2020-0021, PhilHealth is providing an interim application, the eKonsulta, for the purpose of data submission to PhilHealth. It is highly encouraged that all accredited or would-be accredited Konsulta provider would be able to completely incorporate Konsulta data requirements to their existing applications by next year.

As such, PhilHealth is scheduling a virtual technical orientation on data transmission requirements for the Konsulta Program for all Health Care Institutions with internally developed applications and for providers of EMR/HIS solutions.

The objectives of the orientation :
1. Provide updates on the Konsulta requirements;
2. Provide the system requirements of Konsulta to ensure that all systems are compliant to the PhilHealth requirements;
3. Address the policy and technical concerns to ensure the proper implementation of Konsulta.

For those interested in enhancing their applications to conform with the Konsulta requirements, PhilHealth is inviting representatives from their respective IT offices to attend. They may register their participants in the link provided below. The schedule is by end of June 2022.  Exact date and orientation URL will be emailed to the participants' email address as indicated in the registration link below.

https://forms.gle/ykzaNArfALbEb9BA6

Kindly complete the registration process by June 30, 2022.
