

PhilHealth Quick Response (QR) Code

To provide members and stakeholders with prompt access to PhilHealth information, the Corporation launched Quick Response (QR) Codes placed in various marketing materials and collaterals that served as portal to the PhilHealth website. The QR codes proved useful, especially for those using mobile devices such as cellphones and tablet computers.

However, PhilHealth is also cognizant of the possible misuse and tampering of our QR Codes – modifying them to lead to websites or to any malicious link that asks for personal information or collect fees for forms or services that PhilHealth will never do.

As such, PhilHealth urges the public to remain vigilant and report any similar incidents to our Corporate Action Center at actioncenter@philhealth.gov.ph.
