Clarification on Konsulta First Tranche Payment for CY 2023 Onwards

There is no need for PHilHealth accredited Konsulta Package Providers (KPPs) operating since CY 2022 to repeat the first patient encounter (FPE) in CY 2023, for their registered beneficiaries who have already undergone FPE in CY 2022.

The first tranche (SAP1) payment for CY 2023 for these same beneficiaries with FPE done in CY 2022 will be paid, without pro rata factor, once the needed system enhancement is deployed. A separate advisory will be issued regarding the system enhancement.

Beginning CY 2023 onwards, all KPPs must conduct at least one medical consultation following the FPE for their registered beneficiaries, so that they will be eligible for automatic first tranche (SAP1) payment for the following calendar year.
