

Claims Filing for Inpatient COVID-19 Among Pediatric Age Groups

PhilHealth Circular 2022-0003 provides guidelines for coverage of inpatient COVID-19 for adults and pediatric age groups. The Circular refers to pediatric age groups as those with ages 19 years old and below.

To prevent overlap in the COVID-19 benefit package codes used for adults and pediatric age groups during claims filing and to minimize RTH and denied claims, accredited health care facilities are advised to use the following applicable package codes for inpatient COVID-19:

Age Group	Package Code for COVID-19
Pedia - 1 day to 19 years	Use C19PP1, C19PP2, C19PP3 or C19PP4
Adult - 19 years + 1 day old and above	Use C19IP1, C19IP2, C19IP3 or C19IP4

The PhilHealth Callback Channel at **0917-898-7442** and the PhilHealth Regional and Local Health Insurance Offices are available for further inquiries and clarifications regarding COVID-19 benefits.
