

Philippine Health Insurance Corporation

ADVISORY

No. 2023 - 0025

Extended Deadline for Submission of Konsulta Data Records for CY 2021-2022

In order to facilitate the processing of payments based on Konsulta data records that have been re-uploaded, please be advised that the deadline for submission of these data records using the HCI Portal or through your PhilHealth-certified Service Providers shall be extended until **August 31, 2023**. In cases where the Konsulta Package Providers (KPPs) completed their uploading of data records prior to deadline, they may generate the Statement of Accounts Payable (SAP) by clicking the SAP generator button found in the HCI Portal and submit the generated SAP to Local Health Insurance Offices (LHIOs) on or before September 30, 2023.

If the KPP has no access to the HCI Portal, they may submit the complete XML file report and accomplish the Request for SAP Generation to the nearest LHIO on or before September 15, 2023.

Please be reminded that the SAP generated for CY 2021 and CY 2022 will only contain those successfully uploaded and system validated data prior to SAP generation.

For any question/clarifications, you may contact the PCB Team at (02) 8441-7444 local 7575 or email at primarycare@philhealth.gov.ph

For information and guidance.

(Sgd.) EMMANUEL R. LEDESMA, JR.
President and Chief Executive Officer (PCEO)
