No. 2024 - 0048

## Online Registration to NHIP and Online Payment Facility for Land-based Migrant Workers through PhilHealth Member Portal (PMP)

Consistent with the Corporation's commitment to delivering strategic nationwide digitalization, PhilHealth has improved the PhilHealth Member Portal to provide better and efficient service to all Filipinos.

Effective September 5, 2024, registration to the National Health Insurance Program (NHIP) can be conveniently done through the PhilHealth Member Portal. This development provides a faster and secure way of registering to the Program without the need to visit PhilHealth Offices. An email shall be sent to the member's registered email address containing their PhilHealth Identification Number (PIN), which shall be used for PhilHealth transactions.

Land-based Migrant Workers can now also access the PhilHealth Member Portal to generate a Statement of Premium Account (SPA) and pay their premium contributions anytime, anywhere. They can pay using Mastercard/Visa issued debit or credit cards, Maya or Gcash. After premium payment, an Electronic Premium Acknowledgement Receipt (ePAR) will be issued and payment will be posted to the member's account the following day.
