Submission and Uploading of CY 2024 Konsulta Data Records

PhilHealth extends the deadline for submission and uploading of CY 2024 Konsulta data records until March 31, 2025. KPPs that have no access to the HCI Portal may submit the complete CY 2024 Konsulta data to the nearest Local Health Insurance Office on or before March 15, 2025.

Since computation for tranche 2 is dependent on the uploaded data, KPPs that have completed submission of data records may already request for SAP2 generation.

For information and strict compliance.
