

Self-Assessment Tools for Physical Medicine, Rehabilitation Services, And Assistive Mobility Devices, Kidney Transplant and Peritoneal Dialysis

True to its mandate to offer relevant and appropriate benefits and ensure financial risk protection to Filipinos, PhilHealth recently launched several new and enhanced benefits. Among these benefits are the following:

1. Benefits Package for Physical Medicine, Rehabilitation Services, And Assistive Mobility Devices (PhilHealth Circular or PC No. 2025-0003)
2. Enhanced Z Benefit Packages for Kidney Transplantation (PC No. 2024-0035) and Peritoneal Dialysis (PC No. 2024-0036)

To serve as a guide for health facilities that intend to provide these benefits, the updated Self-Assessment Tools (SATs) for the aforementioned benefits are now available and can be downloaded thru our official website at www.philhealth.gov.ph. Please click the "Downloads" tab, which will lead to "Z Benefit Documents" (Kidney Transplant and Peritoneal Dialysis) and "Specialized Outpatient Benefit Documents" (Physical Medicine, Rehabilitation Services, And Assistive Mobility) options where the specific SATs can be accessed. You may also refer to PC No. 2022-0012 on Contracting of a Health Facility for a Z Benefit Provider (Revision 1) for the general guidelines on contracting of providers applicable for Kidney Transplantation and Peritoneal Dialysis.

Since the benefit package for Physical Medicine, Rehabilitation Services, And Assistive Mobility Devices is currently open to **hospital-based rehabilitation units/facilities only**, the currently available SAT is limited to the said type of facilities.

For the conduct of the pilot test for **free-standing rehabilitation facilities**, a separate advisory or issuance will be released.
