

## Invitation to Submit Letter of Undertaking to Provide PhilHealth Benefit Packages for Selected Outpatient Cancer Screening Tests

In order to provide Filipinos with financial access to cancer screening, the Corporation has published PhilHealth Circular No. 2025-0014 (PhilHealth Benefit Packages for Selected Outpatient Cancer Screening Tests) on July 30, 2025. This Circular provides coverage for the following cancer screening tests: mammogram, breast ultrasound, low-dose chest computed tomography (CT) scan, alpha fetoprotein, and liver ultrasound.

The Corporation wishes to clarify that there is no separate application for accreditation given that the covered tests can be provided by the facility through its DOH License to Operate. Also, a pre-accreditation survey is not required for currently-accredited facilities.

In view of the foregoing, all qualified hospitals that wish to provide these screening tests are encouraged to submit a Letter of Undertaking (please see attached) to their nearest PhilHealth Regional Office (PRO) following the template in Annex B of Circular No. 2025-0014 (please see attached).

For further inquiries, please coordinate with your respective PROs or through the following designated communication channels:

Hotline : (02) 866 225 88
