Pilot Testing of the PhilHealth Benefits Package on Physical Medicine, Rehabilitation Services, and Assistive Mobility Devices

<i>HEALTH FACILITY (HF):</i>
<i>ADDRESS OF HF:</i>

This pilot test aims to evaluate the feasibility, effectiveness, and efficiency of different models for delivering rehabilitation services through the PhilHealth Benefits Package on Physical Medicine, Rehabilitation Services, and Assistive Mobility Devices, enabling data-driven refinements and ensuring a harmonized nationwide rollout.

<p>Pilot Testing Period (Start and End Date):</p> <p>START DATE: _____ (MM/DD/YYYY)</p> <p>END DATE: _____ (MM/DD/YYYY)</p>	<p style="text-align: center;">Rehabilitation Services Offered</p> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Assistive Mobility Devices Included: Place (✓) if applicable</p> <p>___ Wheelchair ___ Walker ___ Crutches ___ Rollator ___ Canes</p>	<p style="text-align: center;">Recommendations for Improvement</p> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

For each of the following indicators, please indicate your level of agreement with the statements by **encircling** the corresponding number, where:

1 - Strongly Disagree, 2 - Disagree, 3 - Neutral, 4 - Agree, 5 - Strongly Agree.

Service Reach and Utilization	Patient Satisfaction and Outcomes
<p>1. The services reached the intended beneficiaries effectively. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>2. The services were accessible to all eligible patients. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>3. The services were equitably distributed across various demographics. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>4. There was an increase in service utilization during the pilot period. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>5. Patients faced minimal barriers to accessing services. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p>	<p>6. Patients reported satisfaction with the services provided. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>7. Patients experienced significant improvements in their conditions. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>8. The services provided were appropriate and effective - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>9. Patients' expectations of care and outcomes were met. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>10. The services provided help enhance the overall quality of life for patients. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p>

Healthcare Provider Experience and Feedback	Cost-effectiveness and Financial Impact
<p>11. Healthcare providers had access to adequate resources and support. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>12. Providers were satisfied with the pilot's operational structure. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>13. Training and capacity-building initiatives were sufficient. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p>	<p>16. The services were delivered within the allocated budget. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>17. Patients' out-of-pocket expenses were significantly reduced. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>18. The cost of delivering services was reasonable compared to the benefits. - Strongly Disagree Disagree Neutral Agree Strongly Agree</p>

<p>14. Collaboration and communication among providers were effective.</p> <p>- Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>15. Feedback mechanisms for providers were robust and responsive.</p> <p>- Strongly Disagree Disagree Neutral Agree Strongly Agree</p>	<p>19. Resources were allocated efficiently during the pilot.</p> <p>- Strongly Disagree Disagree Neutral Agree Strongly Agree</p> <p>20. The pilot test demonstrated potential for long-term financial sustainability.</p> <p>- Strongly Disagree Disagree Neutral Agree Strongly Agree</p>
