

OFFICIAL STATEMENT

On the Blue Ribbon Committee Report on its 2019 Investigation of PhilHealth

PhilHealth will ask for a copy of the report on the investigation made by the Senate Blue Ribbon Committee chaired by Senator Richard Gordon in 2019 to be fully informed of and guided by their findings and recommendations to improve the administration of the National Health Insurance Program.

PhilHealth remains one with the Government in all these investigations to ferret out the truth amidst allegations of corruption and irregularity.

The agency maintains its firm belief that after all these investigations, those innocent of any wrong doing will be exonerated while those at fault will suffer the full force of the law.
