

KALINGA NG MAYNILA

Citywide PhilHealth Konsulta Registration and Profiling

Manila City- On February 17, 2023, the country's capital city had its simultaneous citywide registration in 44 PhilHealth Konsulta accredited facilities across six (6) local districts. This initiative, spearheaded by the Manila Health Department in partnership with the Local Health Insurance Office (LHIO) Manila was envisioned to motivate all Manileños to register with PhilHealth and enjoy the benefits of its programs and services.

Present in this momentous activity were Honorable Manila Mayor Maria Sheilah "Honey" Lacuna-Pangan MD, City Health Officer Arnold M. Pangan, MD, RSW, PhilHealth Regional Office (PRO) NCR North Branch Manager Alberto C. Manduriao and LHIO Manila Head Myla Rita Sabile.

"Lahat ng benepisyo ng PhilHealth maibibigay sa inyo kung registered na po kayo. Kaya pag-uwi ninyo ng tahanan, hikayatin niyo pa po ang inyong mga kaanak at ang inyong mga kapitbahay na magregister", Mayor Honey emphasized during her brief speech at the Tondo Foreshore Health Center where approximately 300 related Tondo district residents have come to join and register with PhilHealth.

Albert Manduriao, Branch Manager of PRO NCR North Branch, explains how to correctly fill out the PMRF form.

After the activity, around 13,000 Manileños were registered in PhilHealth Konsulta Program. Through the unwavering support of the Manila City Government, the Manila Health Department will be able to realize their target of 200,000 to 300,000 Manileños to have their PhilHealth Konsulta-First patient encounter by the end of 2023.
