

Learn ICD-10 codes. Be a medical coder.

The Philippine Training Institute now known as the Social Health Insurance Academy brings you to the

31th Course on ICD-10 Coding

September 17-21, 2012
Rm. 1012 Citystate Centre,
Shaw Blvd., Pasig City

The Course benefits hospital billing and medical clerks, and others interested in acquiring new knowledge or upgrading their ICD-10 coding skills in analyzing and translating doctors' diagnoses into alpha-numeric codes. These codes make for speedy assessment of hospital confinement claims.

The five-day course is facilitated by PhilHealth doctors whose work includes claims evaluation, processing and standards monitoring.

Hurry! Seats are limited. Reserve a seat now.
Course Fee: P7,500.00 per participant inclusive of course materials, daily lunch and 2 snacks.
