

Statement on the Ombudsman Decision

The Ombudsman ruling on the cases filed by some PhilHealth officers against 11 other former and present senior officers for Violations of Section 3a and e of RA 3019, and for grave misconduct, Oppression and Conduct Prejudicial to the Best Interest of the Service was served individually to the concerned complainants and respondents, PhilHealth being not a party to the said cases.

In any case, the said decision by the Ombudsman should be respected by everyone in the interest of justice and the 110-million members who deserve nothing less but a strong PhilHealth.

We assure the Filipino people that all PhilHealth officers and employees nationwide are imbued with a strong sense of duty and commitment to the National Health Insurance Program.

We all remain united in providing all Filipinos with the needed financial support and protection when health contingencies arise.

Let us all move forward.
